

STEM Industry in the North Professional Learning 2021-22

STEM is a key part of the economy across the Northern Alliance and equally STEM skills and knowledge helps us all make sense of the world around us.

This series of webinars will focus on STEM Industry in the North. We will hear from regional employers in key STEM sectors about their jobs, the skills involved, pathways including apprenticeships and future direction of the industry.

Sessions run from 5-6pm on the following dates.
